

GOLDEN WEDDING
CELEBRATION

Vancouver Sun: Mr. and Mrs. William Gardiner were at home Monday, May 19, at 950 Bidwell Street, to relatives and friends on the occasion of their golden wedding.

The bride, Jenny Rowbotham of Pontefract, Yorkshire, England, was married to William M. Gardiner, a native of Aberdeenshire, Scotland, on May 19, 1880, at Pontefract, Yorkshire.

They have resided in Canada for the past 40 years, the last 16 of which have been spent in B. C.

The table was laid with a fine hand-worked Oriental cloth, centred with a two-tier wedding cake embedded in mauve and golden tulle, flanked with individual silver vases of roses and lily of the valley and golden tapers in silver sconces.

Congratulations and a purse of gold were presented to them by their family of four sons, William H. R. of Calgary, Colin of Chicago, Elmsley of Camrose, Alberta, and Gordon of Los Angeles, and two daughters, Mrs. Walter Shanks, Rockanville, Sask., and Mrs. James Walker of Edmonton.

Many gifts of flowers which made the rooms lovely were received during the day, as well as telegrams and other presents from numerous friends.

As a special token of respect to Mr. Gardiner, who is an officer with the Union S. S. Co., handsome gifts of gold were received from friends attached to organizations who have come in contact with Mr. Gardiner's genial personality in his official capacity.

The good wishes of their family and friends go with them for a continued life of joy, good health and happiness of years to come.

Mr. Gardiner formerly resided at

Macleod and is a brother of R. J. E. Gardiner.

THIRD FORTNIGHTLY CROP REPORT, MAY 23, 1930

During the first week of the past fortnight the weather was generally clear with slightly higher temperature prevailing. Local rains occurred in the Southern and Eastern parts of the Province. High winds were of frequent occurrence and some damage resulted due to soil drifting.

On May 20th a heavy wind swept over the central portion of the Province particularly from Olds to Lacombe and eastward, doing damage to crops sown on summerfallow. In the Edmonton district the wind was followed by rain and snow, the greatest snow being reported from the area lying North of Edmonton, though not extending to the Peace River District. A large area to the South and East of this City received a supply of much needed moisture. At present all parts of the Province report sufficient moisture for immediate needs. Frost has done considerable damage to trees, shrubs and early garden plants but only slight damage to Field Crops.

All wheat is seeded and 75% above ground. Oat seeding is complete with the exception of oats in green feed, and barley is 75% sown. Growth is slow but the grain is of good color and establishing a good root system. The crop has gone in early and having sufficient moisture for germination is away to a good start.

Spring rye and 90% of sugar beets is seeded. There is a slight increase in the area devoted to sugar beets.

Weeds are unusually bad in early sown fields. Slight damage is re-

ported due to wire worms and cut worms.

Correspondents generally agree that an increased acreage has been sown of sweet clover, alfalfa and grasses. Hay and pasture crops are making excellent growth and livestock is progressing favorably.

DISTRICT COURT AT MACLEOD

There was a heavy docket of cases set down for trial at the District Court Sittings at the Court House, Macleod on Tuesday morning. His Honor Judge A. M. MacDonald presided over the Court.

The first two cases set down, had been carried over from previous sittings, and were again set over. Thomson vs. Nihil; small debt was set over till next court. Virtue & Paterson, for the plaintiff and J. D. Matheson, K. C., for the defendant. Lablond vs. Pinxteren; small debt. Evidence was heard and judgement was given for the plaintiff of \$400, without costs. J. L. Fawcett for the plaintiff and J. D. Matheson, K. C., for the defendant. Fleming vs. Pearson; small debt, set over till next court. J. W. McDonald, K. C., for plaintiff and J. L. Fawcett for defendant. Hicks vs. Jackson; large debt, set over till June 9th. J. W. McDonald, K. C., for plaintiff and F. O. McKenna, Pincher Creek, for the defendant. Hicks vs. Nelson; large debt, settled out of court. J. W. McDonald, K. C., for plaintiff and L. N. Stack for defendant. Rider vs. Snider; large debt, will be tried in the Supreme Court Calgary. J. D. Matheson, K. C., for plaintiff and Jamieson for defendant. Beattie vs. Sheffield; large debt, set for June 23rd. Byers, Hefferman & Co. for plaintiff, J. D. Matheson, K. C., for defendant.

There were two applications for naturalization made to the Court, both of which were granted by His Honor after due examination. E. Ribier, of Granum, was the first. He stated that he had been in Canada for 9 years and was a farmer. B. Zeteman, of Pearce, came to Alberta 19 years ago, and had received all his education at Pearce.

BUSINESS IS GOOD

Approved hatchery men find business good this year, the field staff of the Poultry Division of the Dominion Department of Agriculture report. They also report that the sale of hatchery chicks follows the weather very closely—when the weather is good sales are good. "Approval" is making rapid headway and increased egg production for the big winter market is predicted.

Anybody could make a new tooth paste, but who could think of a new lie to put it over.

CANADIAN GARDEN SERVICE, 1930

Fruits for the Home Garden

Where one has a fairly good sized piece of land, as is usually the case in the smaller towns and on the farm, or where one has followed the popular practice of purchasing a summer place with anywhere from a quarter of an acre of land up, some fruit should be grown in addition to the regular vegetables and flowers. In this way, not only is one sure of having a supply of Summer desserts, but there is a pleasure and a satisfaction in having these things right at hand. If there is room, at least an apple tree each of a Summer, Autumn and Winter variety should be grown. In Eastern Canada and British Columbia, W. T. Macoun, Dominion Horticulturist, recommends in apples the Melba for Summer, or if something still earlier is wanted, the Yellow Transparent. For early Autumn the Wealthy is recommended. One of the best early Winter varieties is the McIntosh, or if something sweet is preferred, the Delicious Northern Spy is still the late Winter type. In the Northern districts of Quebec and Ontario, as well as throughout the Prairie Provinces, there are many good crab apples and some larger sorts which can be grown. Of cherries of the sweet variety, Tartarian, Windsor and Bing are recommended, but of course these can only be grown in the warmer districts. Montmorency is the standard cherry of the sour type and is hardy in many sections of Canada. Some of the best peaches for home use are the St. John, Fitzgerald, Vedette and Valiant. These, of course, are all tender but with extra care can be grown in the warmer apple districts of the country. Clapp's Favorite is one of the best pears for home use, but it must be picked before it is ripe and allowed to mature afterwards. Bartlett is another standard variety. Plums can be grown almost anywhere in Canada. One should make sure, however, to get something of extra good quality and of a suitable season. Grapes are fairly hardy and among the best are the Brighton, Delaware, and Lindley. Where the climate is suitable, the English type of gooseberries are recommended as they are much larger and

freer of spines than the native varieties. Currants, both red and black, are very hardy, and one bush will produce a lot of fruit. The Herbert and Cuthbert are standard varieties of red raspberries, but in the home garden the Columbian which is a bluish-red variety is recommended on account of its quality. One should also include some blackberries, and possibly thimbleberries. In the West, the excellent Loganberry will do well. Most of these bush fruits are very hardy and can be grown almost everywhere if the right varieties are selected. The most popular strawberry in the Senator Dunlap, and for the home garden The Brandy Wine variety is recommended. One should make some provision for spraying the bush and tree fruits so that the stuff raised will be of a high quality. In making a selection of the various kinds and varieties, particularly for the home garden it is also important to remember the season so that one will have a steady supply of fruit from the first of July on.

Cultivation
The destruction of weeds is not the only thing we are after when we take out the hoe, hand cultivator or scuffer. While ridding the garden of these soil robbers is important, it is even more so to keep the earth open, porous and to conserve moisture. Even if the garden was absolutely free of weeds, if it was not cultivated it would not produce much of a crop because the soil would soon bake and dry out. Cultivating lightly from the start will keep the surface soil disturbed and will provide that highly important dust mulch on the surface which prevents evaporation of the water stored up in the soil. The majority of our vegetables consist of over 95 per cent water. Therefore, the drier the season, the more we must cultivate. This is especially true

where there is no means of artificial watering.

Peonies
The gorgeous peony is a standard flower, particularly in many of our older gardens. Unfortunately in too many cases, its season is very short, but to-day with a wide range in varieties there is no reason why we should not have peony bloom lasting over a month. In the white varieties alone, there is a period of almost a fortnight between the blooming of the earliest and the latest, and there is practically a different date of opening for all the well-known varieties. A little time spent in studying the blooming dates listed in the catalogue before ordering is all that is necessary so that one's list of varieties will include a fair proportion of early, medium and late blooming sorts.

The more you see of the world, the more you wonder what else people thought of to deserve drowning in Noah's time.

Maybe old-timers denied freedom to women because they didn't know it meant playing with little pasteboards all day.

In the old days the evening entertainment was opened with prayer. Now the only openers are jacks or better.

ness surrounded by neighbors. Virtue: Ordinary human weakness.

WEST COMBED FOR TRICK
LEADERS TO PROVIDE THRILLS
FOR MOVIE

Ken Maynard outdoes himself in riding stunts in "Senor Americano."

his latest talking picture for Universal, which will be shown at the Empress Theatre Monday, Tuesday and Wednesday.

Opportunity for opening up a new field of stunt riding is afforded by the Spanish-Californian festival scenes, which play an important and colorful part in the picture. For these scenes Maynard assembled a large troupe of the most skillful and stunts included a tug-of-war on horseback, snatching a scarf from a tree branch while going at full speed, horseback obstacle races complicated by barrels, and picking up a rose from the ground while riding at full speed.

In these scenes Maynard rides his famous trick horse, "Tarzan." In addition to the riding, there is plenty of action in the picture, a feature being a fierce sword duel between Maynard and his rival in love.

"Senor Americano" deals with life in Southern California in the troubled days just preceding annexation by the United States. Maynard plays the part of a young United States cavalry officer who falls in

love with a beautiful Spanish-Californian girl, portrayed by Kathryn Crawford.

The strong cast includes Gino Corrado, J. P. McGowan, Frank Yaconelli and Frank Beal. Harry J. Brown directed.

BARRYMORE MAKES VITAPHONE DEBUT IN "GENERAL CRACK"

Not only does the distinguished peer of present day stage and screen stars, John Barrymore, make his talking film debut in "General Crack," the all-talking Vitaphone special at the Empress Theatre next, but he again proves himself the genius in this tale of romantic adventure in eighteenth century Europe. Mr. Barrymore, who is known to possess the finest speaking voice of the stage has an unusually fine opportunity to display it in this picture which runs the scale of emotion.

His strong characterization in "General Crack," which Alan Crossland directed for Warner Brothers, is that of a dual personality whose inherent characteristics take turns in dominating his loves and hates. Born of a gypsy princess and a powerful nobleman, he is one moment the spirited, carefree nomad, and the next the brilliant, fearless soldier.

It is when the fiery Roman blood in his veins overpowers his royal self that he becomes another Don Juan. An excellent supporting cast surrounds Barrymore in this swift moving story of royalty, fighting campaigns and gypsy love, which includes Marian Nixon, Lowell Sherman, Hobart Bosworth, Armina, Jacqueline Logan, Otto Matison, Philippe de Lacy, Andres de Segura, Douglas Gerrard, William Von Brinken, Theodore Lodi, Nick Thompson and Curt Rayfield. Walter Anthony prepared the Vitaphone screen play from the George Preedy novel of the same name. Screen play and dialogue are by J. Grubb Alexander. "General Crack" is partly in glowing technicolor.

A man needs only so much diversion, and he seldom yearns for matrimony after he learns to blow good smoke rings.

THIS FREE BOOK
is now being distributed
to thousands
of Farmers

SINCE announcing publication of its free book "Weed Control," Imperial Oil Limited has received many thousands of requests for it from farmers of every province.

This book is now being distributed. If you desire a copy write for it immediately.

"Weed Control" was prepared with the idea of meeting two urgent national needs. First—to impress on Canadians the extreme gravity of the weed situation. Second—to assist farmers in their fight against weeds by supplying them with the best and latest information relating to weed extermination.

Every phase of this acute problem is dealt with in "Weed Control." The Honorable Duncan Marshall, former Minister of Agriculture for Alberta, is its editor, and practical farmers, experimental farms, agricultural colleges, and weed authorities from all parts of Canada contribute to its pages.

By adopting the suggestions contained in this free volume thousands of farmers will be better

equipped to fight weeds and eventually eradicate them. Every chapter is full of interesting facts, written in plain, simple English.

"Weed Control" is a companion volume to "Field and Farm Yard" which was distributed last year by Imperial Oil to more than 65,000 farmers.

BROWNLEE'S PROGRESS IN RETRENCHMENT

The Government promised retrenchment in expenditures but has added to the public debt of the Province \$46,000,000.00 covering a period when the population increased only 60,000.

On December 31st, 1921, the per capita gross Provincial debt was \$102.00. Today it is \$164.00.

Interest payments have increased from \$2,796,750.00 in 1922 to an estimated amount of \$5,825,589.00 for the current year.

No tax has been reduced and none has been abolished but many have been increased and many new ones created.

The Government has had the advantage of greatly increased income from several items, including liquor profits, motor licenses and gasoline taxes, yet in spite of all this, expenditure has increased

faster than income would have increased but for increased taxation. In other words, there had to be increased taxes to meet the growing expenses of the Government.

The Government expenditure today is \$20,000,000 per day in excess of what it was when the present Government took the reins of power. The Government refused to abolish, or cut down to any extent, the Supplementary Revenue Tax.

The Government has neglected to adjust the motor license fees and gasoline tax or to earmark them for expenditure on, and upkeep of, roads.

In one respect, the Government has retrenched expenditure and that is in regard to Education in primary and secondary grades. In 1923, the Minister of Education reduced the grants to these grades and in 1925 reduced the inspection staff. Although there are 1200 more rooms in primary and secondary grades in the Province now than there were 9 years ago, there is no more granted all the schools than the amount formerly granted. Although pretty nearly \$300,000.00 more is spent on Education to-day it is practically all taken up by the grants to the University of Alberta.

TURKEYS A PROFITABLE CROP WHEN PROPERLY HANDLED

Turkey breeding is not the difficult undertaking that is generally supposed, when the breeding stock and poults are properly handled. Essentials to success in turkey breeding are: clean soil, mature stock for breeding, good foods properly fed to both mature and young stock, free range and above all the keeping of the turkey flock away from other barnyard fowls.

Soil that is contaminated with the droppings of fowls of any kind is not desirable soil on which to rear

turkeys. If it is impossible to have soil which has not previously been used for poultry keeping make sure that the land has been ploughed and thoroughly cultivated. A desirable soil for turkey raising is one that is light and porous in texture, sand or gravel being desirable. Low lying land or heavy clay soils should be avoided, especially for the raising of poults.

Breeding stock should be well matured, especially the females. Good yearling birds are preferable to any other age. Well developed cockerels may be used to advantage, but should be bred on mature females. Avoid using males which

are over grown and also the use of females which are over standard weight, as they frequently break many of the eggs at hatching time.

Feeds for turkeys should be made of sound grains, and in no case should shrunken grains be used or grain that has become moulded or heated in any way. Avoid over-feeding, as much loss in turkey raising is caused by digestive disorders. Suitable grains are oats, cracked corn, wheat, barley or buckwheat. Variety is recommended. Mash of the above grains can be used and should be fed in self-feeding hoppers, so that the birds can help themselves. Feed the grains

and mash from hoppers or troughs and avoid allowing the turkeys to eat their food from the ground, as this is a frequent source of contamination. Poults should be fed in much the same way as baby chicks, and like the mature birds should be fed regularly and in this way avoid the possibility of the birds overfeeding. Good mashes, finely ground, fed in the dry state are recommended in a commercial way. The feeding of finely chopped hard boiled egg and stale bread crumbs for the first few days is highly recommended.

Young turkeys may be hatched naturally or in incubators, and

The Salvation Army

is in urgent need of funds to carry on its gigantic and daily-increasing Work in Western Canada.

The character, value and all-embracing nature of that work is known to everyone. The Salvation Army believes it will have your generous support during the coming

SELF-DENIAL EFFORT

brooding may be carried on in either the natural or the artificial method. Protection should be afforded the young birds until they are at least two weeks old, after which time they may be allowed more freedom.

The turkey is, strictly speaking, a farmer's fowl, and cannot be successfully reared in close confinement. While it is possible to keep poults in a small space and still make rapid growth, cheap gains are only possible on free range. Where the turkeys can roam over meadows, pastures or wooded areas an excellent opportunity for cheap gains is secured, and since the turkeys do little damage to growing crops they can be looked upon as an essential to any farmer since they feed largely on grasshoppers and other insects during the summer months. They require little attention and comparatively little feed after they develop their red heads. After this time they should be allowed to roost in the open from then until marketing time in the fall.

To make a success of turkey raising the turkey flock should be kept entirely away from the barnyard, or from the poultry-yard, since much of the trouble with turkeys is caused from Blackhead, which is frequently present in and around the poultry yards. The turkey being naturally a wild bird desires freedom, and when kept away from the poultry flock and barnyard gives the owner little cause for worry, and when properly handled usually gives handsome revenue for time and money expended.

BENEATH THE FLAG

At the Annual Teachers Convention held in Calgary in April, there was an attractive booth where the flags of the world were on display. Forty-two nations of the civilised world were represented there, and the spectator, on asking the meaning, would be told that in each of these countries there was an active Red Cross Society and that the children were organised in the world wide league of mercy, known as the Junior Red Cross.

On the table was displayed a fine portfolio with unique pictures written in a foreign tongue. It came from the people of Boian Mare, Central Europe, in reply to one sent them by the Albertan district of the same name, where Boian Mare and their children are settling to Friendship. The Red Cross, in Compassionate understanding stretches its arms everywhere, linking the children and peoples of the world together in a bond of common understanding and loving service. One goal—the succour of the sick—finds interpretation in the old lands and the new. One aim—a finer citizenship—is the ideal before the schools of the world. One far-off event—the goodwill and peace of the nations of the earth—is the hope of every Junior Red Cross branch in every little white schoolhouse in Canada. Send to the Red Cross Headquarters, 407 Civic Block, Edmonton, for a booklet entitled "Junior Red Cross, which will explain the idea behind this branch of Red Cross.

The way of the transgressor is hard. Think of having to waste a whole day just to hear a jury say: "Not guilty."

IT'S THIS WAY
.... YOU SEE

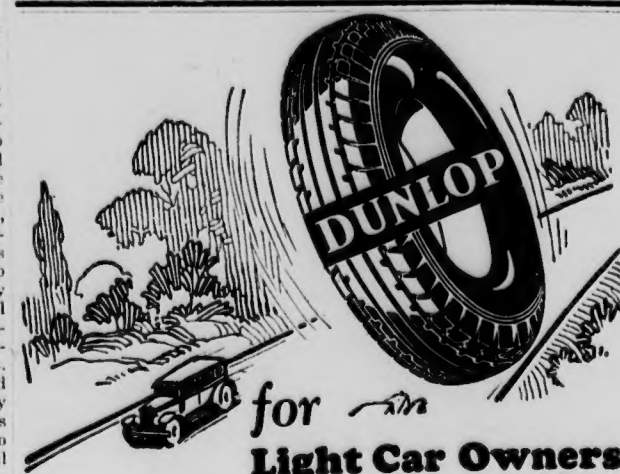

YOU wouldn't knowingly cause your child pain—or risk its chances for success in life if you knew it. We have done the very best thing—supplied your shoe dealer with the visible system of fitting your child with Jack and Jill shoes. For every type and size of foot, there's a special "fitting" shoe with windows in it, for you to see through. See, yes see for yourself that the shoes your child wears actually fit without cramping or distorting the shape of the foot. It's now your responsibility that they grow up with beautiful, natural feet.

Are YOUR Children?
PROTECTED?

During the Year 1928

DIPHTHERIA Was Responsible for 50 Deaths
andTYPHOID FEVER Was Responsible for 28 Deaths
of Alberta Citizens

[94% of the deaths from DIPHTHERIA occurred among children under 15 years of age]

There Need Not Be a Single Death in the Province, from Diphtheria, Typhoid Fever nor Small Pox

Science has placed in our hand the means of wiping these preventable diseases out of existence.

The vaccines required for this purpose are furnished FREE OF CHARGE to all physicians and local Boards of Health in the Province by the Provincial Department of Health.

It is the duty of local Boards of Health to prevent epidemics starting, and the most effective method of doing this is to

Protect the Children of Our Province from These Preventable Death-Dealing Diseases

What has been done for the protection of the children of YOUR community? Is YOUR community safe for your children?

The Provincial Department of Health issues Bulletins and pamphlets giving information and advice on how to secure a large measure of health and how to safeguard life in your community. Copies of these publications may be obtained on application to the Department.

PROVINCIAL DEPARTMENT OF HEALTH,
EDMONTON.Buy a Six of Course
but be Sure
it's a
Super-Six

The Essex Challenger is a Super-Six. By its patented principle the ability of the 6-cylinder type is freed to the limit. It is responsible for a performance and smoothness that belong exclusively to the Essex Challenger. That is why we say—and more buyers every day are saying—"not just a Six, but a Super-Six."

ESSEX Challenger Gives Sparkling Performance

Essex performance comes from its completely balanced motor and power line. This balance of aluminum pistons, crankshaft, clutch and flywheel, coupled with the Lanchester Balancer gives more power and smoothness at all speeds.

Roadability and Safety

Longer wheelbase, larger tires and patented spring suspension make Essex the most roadable of cars. High speed with safety is possible because of the positive action of four-wheel brakes.

Interior appointments carry the same motif as fenders and lamps.

Upholstery is of finest quality. There is a graceful three-spoke steering wheel, and the instrument panel holds starter, electric fuel and oil level gauge as well as motometer.

This is the finest, best performing Essex value ever built. It holds scores of records established during continent-wide Challenger Week. See it and drive it. You will need no other proof that this is not just a six, but a Super-Six.

GRANUM LOCAL NEWS

Mr. and Mrs. F. Sandgathe were Calgary visitors over the week-end.

Dr. Cohen is moving to his new office in the old rest room.

Mr. and Mrs. R. Smith motored to Calgary Tuesday on business.

Mrs. D. Campbell and Miss Agnes Parker are spending a few days in Calgary.

Services at Jumbo Valley School House Sunday, June 1st. Preacher Rev. Bowen.

Mrs. B. Sandgathe and daughter are guests at the home of Mr. and Mrs. S. Sandgathe for a few days.

Claude Marsh, Earl Dersch and Elmon Swenson spent the week-end at Waterton Lakes.

Mr. and Mrs. F. Kellicut and Mrs. C. Dimm motored to Calgary Monday.

Gordon Blair, of the Imperial Oil Co., of Calgary, visited his parents over the week-end.

William Harrison, of Calgary, has accepted a position in the Canadian Bank of Commerce.

Mrs. W. Marsh and Mr. and Mrs. C. Rompaine motored to Calgary on Thursday last.

Mr. and Mrs. J. Reynolds and daughter Sylvia motored to Medicine Hat Friday for their holidays.

Mrs. F. O'Brien and daughter Peggy, of Macleod, were guests at the home of Mr. and Mrs. A. S. Peables Tuesday.

Mr. and Mrs. Alvin Bates and children of Lethbridge visited Mrs. Bates's parents, C. G. Marsh last week.

Alvina Daley, who has been a patient in the Calgary General Hospital for the past few weeks has returned home.

Mr. and Mrs. Bert Kellicut, Mr. and Mrs. B. Anderson and Mr. and Mrs. J. Shapter, of Calgary, spent the week-end at Waterton Lakes.

Married—Elizabeth Stewart to R. Anderson, both of Granum, on Saturday, May 17th, at Lethbridge, Alberta, Rev. Kelly officiating.

Mr. J. C. Brown is improving in health and hopes to be able to leave the hospital at the end of this week. We regret that Mrs. Brown has been confined to her bed this week with neuralgia and influenza.

Ralph Boyd is greatly improving his buildings by putting on a few coats of paint. He is also planting trees, shrubs and flowers, and improving his lawn. All these things help to make Granum a prettier place to live in. Let's all do a little more towards this work.

Miss Josie Deman was surprised on Tuesday afternoon with a shower at the home of Mrs. McGregor. Miss Deman received many useful and beautiful gifts after which a generous lunch was served by the hostesses, Mrs. C. G. Marsh and Mrs. A. McGregor.

Among those going to Waterton Lakes for a holiday leaving Friday night and returning Sunday night were—Mr. and Mrs. Carl Anderson, Mr. and Mrs. Robt. Anderson, Mr. and Mrs. Bert Kellicut, Mr. and Mrs. Gus Gustafson, Miss Ella Marlette, Mr. Lyndon Kellicut, Mr. Claude Marsh and Mr. and Mrs. Dersch.

Granum C. G. I. T. last Friday afternoon defeated a Clareholm girls' softball team at the Granum grounds by the score of 29-24. Granum girls took the field as follows—Freda Sherman 1b, Laura Yorgason 2b, Thelma Clarke ss, Dorcas Rowe 3b, Elizabeth Simonson lf, Doris Sandgathe cf, Ruthanna Dimm rf, Vera Clarke c, Hazel Sherman p. The girls played a good game and deserved victory. Hiney Peterson and Rita Lantinga were unable to appear because of leaving for home after school closed that day.

On Wednesday evening, May 21, the degree staff of Dominion Rebekah Lodge No. 41 motored to Granum for the purpose of exemplifying the degree. This being the occasion of the installation of a new lodge, Arylee, Rebekah, No. 108, Mrs. Saunders of Calgary, president of the Rebekah Assembly, assisted by Mrs. McGregor, Lethbridge, vice-president, and Mrs. Brown, Macleod, past president, officiated.

The degree was conferred on 20 candidates. This lodge has a good start with 25 charter members. The degree team of Dominion No. 41 included Sisters Taylor, Housherson, Watson, Bass, Rosewar, Hamilton, Easton, Koenen, Theobald, Bowker, Lawson, Lowe, McMann, Morden, Davis, Maine, Patterson, and Bros., Theobald, Dupon, A. Watson and C. Watson, and Mr. R. B. Morden, G.M.

Others who accompanied the team were Mrs. W. McGregor, vice-president; Mrs. Morden, past president; Mrs. Dupon, Mrs. M. Thompson, Mrs. Campbell, Mr. and Mrs. F. G. Easton, Mr. and Mrs. McCallum, Mrs. Henderson, Mr. Davis, Mr. G. Morden, Mr. M. Saunders.

The officers of the new lodge are: N. G.—Mrs. J. Blair. U. G.—Mrs. J. B. Allison. R. Sec.—Mrs. J. Reynolds. F. Sec.—Mrs. W. Jell. Treasurer—Mrs. J. Clarke.

At the close of the installation a recherche luncheon was served.

Congratulations are pouring in to D. M. Leyden on his elevation to the highest Provincial office in the Elks.

Mr. and Mrs. D. M. Leyden and family spent the week-end at Waterton Lakes.

Mr. and Mrs. C. Anderson and family spent the week-end at Waterton Lakes.

The Ladies of the Catholic Aid are holding a sale of home cooking and afternoon tea Saturday afternoon, June 7th.

Mr. and Mrs. G. Gustafson, Miss Ella Marlette, B. Kellicut and C. Peterson spent the week-end at Waterton Lakes.

Those of our local people who are in the Clareholm hospital are Mrs. J. Hewart, J. C. Brown and Harry Ridger.

The work of graveling the streets and laying cement sidewalks has commenced, and will be a great improvement to the town.

Granum will now have a talking picture of its own. They are being installed by the enterprising owner of the local theatre, D. A. Boyle.

Mr. and Mrs. H. Dimm left by motor Wednesday to visit the former sister, Mrs. M. Harmer, of Omaha, Nebraska. Mrs. Harmer is expected to return with them, and they will visit Banff and other western points.

Mesdames MacGregor, J. I. Dimm, A. H. Rowe, C. R. Henker, left on Wednesday morning to attend the sessions of the South Alberta Convention of the W. C. T. U. being held on May 28th and 29th, in the United Church at Cayley.

At Starland Theater Friday and Saturday Norman Kerry in "The Foreign Legion." A picture you will enjoy seeing. Also 2-reel comedy. Prices—Children 15c—no tax; Adults 35c—Tax extra. See "Sweetie" a all-talking, singing and dancing picture, June 6th and 7th—Friday and Saturday.

The Local Union of the W. C. T. U. will hold a Pic Tea on Saturday afternoon, May 31st, in the store of Mr. A. S. Peables, opening at 3 o'clock. Mr. Peables is very kindly arranging to give space for this event and the public is cordially invited to assist the Women's Christian Temperance Union in this venture. It will be a quite unusual affair, and all lovers of the delectable pie—the pie of all popular brands—should be there.

There was a good attendance at the Musical Comedy and Minstrel Show provided by the Trail Rangers and C. G. I. T. girls in the Granum Opera House last Thursday evening. The audience enjoyed the program, and a total gross amount of \$44.50 was realized. The respective organizations and their Mentor, Rev. A. H. Rowe wish to thank the friends for their patronage and their help in every way. Girls who assisted in the play included Freda and Hazel Sherman, Lillian Wells, Elizabeth and Alice Simonson, Ruthanna Dimm, Doris Sandgathe, Kathleen MacGregor, Laura Yorgason, Rita Lantinga, Dorcas Rowe, Thelma Clarke, Ruth Rogers, Allegra Rompaine, Nora Easton, Ruth Rowe and Daisy Field. The boys in the skits and minstrel songs: Herman and Basil Rompaine, Harry Anderson, Glenn Marsh, Maurice Rowland, Bill Field, Bob Hill, Bill and Stanley Cochlin, Gordon Russell, Warren and Gordon Henker, Everett Huestad, Dudd Boyle, Melvin Edwards, Vernal Smith, Walter Arlt, and John Rowe. Mrs. Rowe and Mrs. Shapter acted as accompanists, while Mrs. Malone accompanied Mr. Mude as he rendered a splendid solo. Charlie Field assisted as Stage Manager, and Kenneth Blair took charge of the admission. To all thanks are extended.

SPORTS DAY AT GRANUM. MAY 24th

A very enjoyable Sports Day was held at Granum on Saturday, May 24th, opening at 2 o'clock, the Committee in charge being Messrs. Baird, Sherman and Rowe. The Agricultural Society had very generously made a grant of \$25.00 as prize money for Baseball through their Executive, and a number of citizens made gifts for prizes in the races, and for a treat for the spectators at the ball games. Those contributing included, Granum Trading Co., a box of chocolates; S. Aisnatt, W. B. Rogers, and Lin Wong, boxes of chocolate bars; Hop Sing, box of gum; A. S. Peables, a baseball; G. Gustafson, a pair of lard; Messrs. Fraser, Carl Anderson, and H. E. Malone, chocolate bars. Mr. Pat McKenzie acted as gate-keeper, and a number of men, including Messrs. Jos. Bailey, Guy Clarke, G. R. Torrence, R. F. Smith, and E. H. Schram, assisted at the races which were immensely pleasing to the children.

The baseball games provided was of a good quality in the form of a doubleheader played by the Daley Creek and the Granum Young Peoples' Society teams. The first game went to the Y. P. S. team after a very close struggle by the score of 10-8.

The second game went to the Daley Creek team which was very strong with Bill Macpherson in the box. The score was 12-3. By agreement the 25 dollars of prize money, donated by the Agricultural Society on condition that it be spent for baseball equipment for the players, was divided equally between the competing teams. Also the gate receipts of 12 dollars were divided in the same manner. The teams which are very grateful to the Society for its kindness, lined up for the doubleheader as follows—Daley Creek—Pitt 1b, Reardon 2b,

The Care of the Young

Nothing brings so much comfort to Mother and Dad as the knowledge that the youngsters are growing bigger and stronger every day. Playing hard all day—sleeping soundly all night. Nestlé's Evaporated Milk has brought this comfort to thousands of happy parents.

And here's the Reason! Nestlé's Evaporated Milk is just thick cut of fresh cow's milk with part of the water removed—then sealed and sterilized in airtight containers. Add water again and you have absolutely pure, safe milk—but more readily digestible than ordinary milk because the large fat globules of the milk have been broken up into small ones of the same size as in Mother's milk. Also, the curd which forms in the stomach when Nestlé's Evaporated Milk is used are soft and flaky and therefore easily digestible.

Use Nestlé's Evaporated Milk for Your Baby. Use it in coffee—in cocoa—in tea. Use it in all cooking and as a beverage by diluting with one to two parts water.

McCORMICK-DEERING NEWS

Published by C. E. TWEED The Farm Equipment Man

House Phone 41 Office Phone 157 Vol. 1, No. 45 Macleod Thursday, May 29, 1930

HIS MONEY'S WORTH

"Look, Papa, Abie's cold is cured and he's still got two boxes of cough drops left."

"Oh, oh, vat extravagance. Tell him to go out un get his feet vet again!"

The women folks are certainly getting off easy these days. Harvesting and threshing mean no more work than any other season of the year since the introduction of the McCormick-Deering Windrow Harvester Combine.

The old-fashioned family doctor is disappearing. So is the old-fashioned family.

The pick-up attachment and windrow harvester have made the combine a universally suitable tool for use in all small grain farming areas.

To dream away our days and fool away our time is to become callous to the solemn realities around us.

Your boy will get a big kick out of doing two men's work with a Farmall. And he can do it easily. It's a lot easier to keep him on the farm with you when you don't ask him to dodge swishing tails all day.

One inch of rain means a little over 27,000 gallons of water for each acre of land.

International Harvester certainly hit the nail on the head when it brought out that wonderful "Six-Speed Special" Truck for rural hauling. Soft fields, stony hills, and heavy loads bow to the exceptional power of this truck; the only Heavy-Duty Speed Truck with six speeds forward and two reverse. And when you pull onto a good road you can step along at a good clip under full load.

"Babe Ruth walked twice today."

"Gosh, she should be more careful whom she rides with."

A farmer who had recently moved from one state to another observed that wherever you go McCormick-Deering farm machine service is there ahead of you. We hope none of our customers will move away, but if they do they'll be glad they bought equipment that is sold and serviced everywhere.

The best machine will break down occasionally, but it is our duty to put it back in shape with the least possible delay. Give us a chance to perform.

THE WHITE HALL

Macleod Local and Personal News

Mr. and Mrs. A. T. Leather spent a few days over the holidays at their cottage at Waterton National Park.

There were a large number of Macleod people who spent the week-end holidays at Waterton Lakes National Park.

Mr. and Mrs. J. W. Moreash and their two girls, Isabel and Margery, accompanied by Mrs. H. H. Young, were visitors in Calgary over the week-end.

At a full meeting of the Chapter of the Macleod Deacons of the Anglican Church, held at Brockton on Tuesday, May 27th, the Rev. F. Randall Powell, Rector of Christ Church, was unanimously appointed Rural Dean of the Rural Deanery of Macleod.

Colonel D. M. Ormond, Commandant of Military District No. 13, Calgary, accompanied by Mrs. Ormond, were visitors in Macleod on Friday night and Saturday morning on their way to spend the week-end at Waterton National Park. On Saturday morning Colonel Ormond was conferring with Capt. Darold Davis, who is now in charge of the 33rd Artillery Battery at the Macleod Barracks. Capt. Davis is making an effort to enlist a number of new recruits, and so re-establish the Battery if possible to full strength.

Mrs. O. C. Edwards, Macleod, was one of the speakers at the Women's Institute Convention in Calgary during last week.

Campbell Gardiner, of Calgary, spent the holiday in Macleod with his father and mother, Mr. and Mrs. R. J. E. Gardiner.

Mrs. E. Greenwood, constituency convener for the W. I. of Macleod, was in Calgary last week attending the Provincial Convention.

W. H. Osborne, of the F. E. Osborne School Supply House, Calgary, is in Macleod and district this week, visiting the schools in the interest of his firm.

A. F. Grady, Macleod, left on Sunday afternoon for Edmonton to attend the Annual Provincial Conference of the United Church of Canada. Mr. Grady is representing the Macleod congregation.

Dr. Alan and Mrs. Kennedy and Mr. and Mrs. L. D. Huntley were participants in the Lethbridge Golf Tournament over the week-end. Mrs. Huntley was fortunate in bringing home a couple of prizes.

John Franklin, old timer of Macleod, who spends most of his time now in California, arrived in Macleod last week-end for an indefinite stay, looking after his farming interests in the Macleod district.

Mrs. Edwin A. Whipple, of Stand Off, attended the Provincial W. I. Convention in Calgary last week as the representative of the Stand Off Women's Institute. Mrs. Whipple returned to her home on Saturday.

Mr. and Mrs. Talbot Hollies and young son of Calgary, and Mrs. Hollies, sr. of Edmonton, arrived in Macleod on Friday night to spend the holidays with Mrs. S. G. Dunbar, who is a sister of Mrs. Hollies, sr.

Premier J. E. Brownlee is billed for the Town Hall on Saturday night, in support of W. H. Shield, the sitting member, and again U. F. A. candidate. Mr. Shield will also be present and address the meeting.

What might have been a serious car collision occurred on Sunday evening at the intersection of 24th Street and 4th Avenue, Macleod, when a Dodge sedan belonging to and driven by James McKinney, of Claresholm, collided with a Chrysler coupe driven by C. Cameron, Lethbridge. It would appear that Mr. McKinney was driving east on 24th Street and ran into the Chrysler car going north, breaking the front axle and fender of the Chrysler. The only damage done to Mr. McKinney's car was a damaged bumper. Mr. McKinney had Mrs. McKinney and

two other ladies in the car, but fortunately no one was injured apart from a little shaking up.

Al West returned Saturday from Excelsior, Minn., where he had been called by the serious illness of his sister, Mrs. (Dr.) W. O. Hazelton. Mrs. Hazelton was suffering from the last stages of cancer of the stomach, from which she died on Wednesday, May 14th. The remains were taken to deceased's old home in Wisconsin where interment took place Sunday May 18th.

On Monday evening in the Town Hall Capt. Joseph T. Shaw, K. C., M. L. A., and former Liberal leader, will speak on behalf of J. W. McDonald, K. C., the new Liberal leader, and Liberal candidate for Macleod constituency. Alderman Dr. W. S. Galbraith, of Lethbridge, will also be present and speak in support of Mr. McDonald, who at that date will be engaged in other parts of the province addressing meetings.

W. D. Bayley of Winnipeg, Minister of Temperance Education in the Manitoba Legislature, paid a visit to Macleod on Sunday, addressing the United Church congregation at the evening service, and at the close of the church service he addressed a public meeting in the Empress Theatre. The gathering at the Theatre was not very large, which was unfortunate, as Mr. Bayley's address was most interesting and instructive, his subject being "Scientific Temperance," specially emphasizing the effects of alcohol on the human system and more particularly on the brain, with its following results. The address was specially interesting to the boys and girls, who listened to him with rapt attention for over an hour. Mr. Bayley is called "Canada's most popular speaker to youth," and certainly he upheld that reputation in Macleod on Sunday night.

RATHWELL NEWS

June 1st Service in the Rathwell School house. Time 11 a. m. Preacher—Mr. F. Crowson.

ST. ANDREW'S CHURCH YOUNG PEOPLE HELD SEMI-ANNUAL MEETING

The Young People's Society of St. Andrew's Presbyterian Church, Macleod, held their semi-annual meeting in the Church on Tuesday evening at which 15 members were present. The secretary, Miss Florence McKenzie, presented a report of the meetings of the society during the past six months which showed that a number of interesting meetings had been held, the report also showed that the society were greatly indebted to Mr. and Mrs. Joseph Brauner, of the Barracks, who had generously permitted the society the use of a room at the Barracks where the majority of the meetings had been held. The treasurer, Alex Laing, presented a financial statement which showed that the society had funds in the Bank amounting to \$135.00, which was considered very satisfactory.

There had been a suggestion made to disband the society for the summer, but a motion was moved and passed unanimously that the society continue, and a programme of hikes, games and entertainments will be carried through, and for the fall a play will be arranged for and put on in the Empress Theatre.

South Macleod News

Mrs. W. Kelly and son, of Calgary, spent the past week visiting Mr. and Mrs. A. Gillen.

Mrs. Johnson was a Calgary visitor last week.

Mrs. Edie Whipple attended the Women's Institute Convention in Calgary as official delegate for Stand Off W. I.

Miss Eda Johnson will spend the summer at Waterton Lakes.

Miss Mildred La Fay accompanied Mrs. Kelly to Calgary to spend the week-end.

Miss Cahoon was a Banff visitor during the past week.

Miss Eva Reid spent her vacation with her parents, Mr. and Mrs. Reid of Hazelton.

Mr. Hudspeth is attending the Musical Festival being held in Calgary this week.

Mrs. Cahoon has returned from Edmonton, having taken Mr. Cahoon there for special treatment. Edgar Skelding spent the 24th with Mr. and Mrs. H. Jenkins, Park View.

The Baby Clinic, held at Mrs. W. J. Murphy's, Ardenville, was well attended considering the bad roads. Nurse Emerson was pleased with the healthy condition in which she found most all of the children.

Mrs. Johnson and family spent the 24th at Waterton Lakes.

PURCHASE ALBERTA MADE PRODUCTS

For three consecutive years the Alberta Development Board, southern section, has been conducting a campaign advocating the purchase of Alberta Made Products. Not only has this particular campaign been undertaken, but each year the Board advertises in a number of agricultural newspapers of the United States pointing out the exceptional scenery of Southern Alberta and the Rockies stressing the advantages of land settlement in Alberta and also through the Dominion of Canada bringing to the front the necessity and need of industrial development. Its efforts have been successful. New settlers have been directly traced, new industries have been established, and as for the number of tourists the increase has been definitely proved to be a result of the Board's advertising appeal.

It was interesting to note that at the annual meeting of the Alberta branch of the Canadian Manufacturers' Association held in Edmonton last month the convention impressed on the public mind the increasingly important position attained by manufacturing in the province. The membership in six years has grown from 90 to 240.

The manufacturing output has been conservatively estimated at slightly above \$1000,000,000 in 1929.

This total indicates the importance of the manufacturing industry of Alberta. Over \$82,000,000 has been invested in manufacturing enterprises in this province. They are paying about \$14,000,000 a year in salaries and wages to over 11,000 employees.

It is becoming more apparent all the time that the continued prosperity of Alberta depends on diversified development. The era of dependence on grain alone to produce revenue for the support of a growing population is fast passing away. It is to precarious. Agricultural activities will have to expand in other direction than wheat growing. Mixed farming, livestock

production, dairying, these will assist in ensuring a more certain income for the farm, but side by side with these it is important that manufacturing should be encouraged as greatly as possible as well as the development of Alberta's great natural resources such as coal, gas and water power.

The citizens of Alberta should realize that not by grain alone can we live but by the varied interests, agricultural and industrial can Alberta pre-empt a place in the Sun. If the citizens support the purchase of Alberta Made Goods our prosperity will be more quickly assured.

Good things are like happiness. They don't require any vocal assurance that they are good.

THE MOSQUITO WAR

With the arrival of spring and the consequent melting of the winter accumulations of snow and ice, mosquito eggs which have lain beneath the blanket of snow in low-lying places, since last summer, are now hatching and giving rise to the tiny "wrigglers" which soon will develop into the blood-hungry hordes that in many localities prove a serious nuisance to man and beast. Municipal authorities and others who intend combating these insects are advised to make immediate preparations to put into effect necessary control measures. Full information on this subject may be secured by communicating with the Dominion Entomologist, Entomological Branch, Department of Agriculture, Ottawa.
